

Michelle Anderson

Frontend Software Engineer | React | JavaScript | TypeScript | HTML5 | CSS3
Michelle1010@proton.me | 571-292-6007 | Fredericksburg, VA | [LinkedIn](#) | [Portfolio](#)

Summary

Frontend Software Engineer with React, JavaScript, HTML5, and CSS3 experience in government and financial services, including a full overhaul of CIO.gov, CFO.gov, and USSM.gov using the U.S. Web Design System. Completing a Frontend Engineering certificate at Frontend Simplified (July 2026). Brings 20+ years of IT delivery leadership and the stakeholder alignment discipline senior frontend roles demand.

Technical Skills

Languages & Web: JavaScript ES6+, TypeScript, HTML5, CSS3, SCSS
Frameworks & Libraries: React, Vue.js, Nuxt.js, REST APIs, U.S. Web Design System (USWDS)
Tools & Platforms: GitHub, VSCode, Azure DevOps, ServiceNow, Agile/SCRUM, Waterfall
In Development: Next.js, Jest, React Testing Library

Experience

USDA Forest Service (Fredericksburg, VA) Mar 2021 - Sep 2025

Senior Program/Project Manager - Enterprise Data Intelligence

- Reduced security vulnerabilities by 60% via SonarQube remediation across five critical applications, fixing 200+ high-priority issues; achieved 99.9% data accuracy migrating 850+ assets from Excel CMDB to ServiceNow.
- Delivered 100% of projects on time and within budget leading a five-person SCRUM team; achieved 85% customer satisfaction uplift across a 45-application portfolio (\$100K-\$10M).

Navy Federal Credit Union (Vienna, VA) Jul 2019 - Mar 2021

Senior Project Manager Contractor

- Cut project completion time 15% steering 75+ IT infrastructure projects (\$200K-\$5M); raised customer satisfaction 15% leading agile transformation of contact channels.

GSA (Washington, DC) Apr 2018 - Jul 2019

Senior Project Manager / Frontend Software Engineer

- Built and shipped full overhaul of CIO.gov, CFO.gov, and USSM.gov within a \$3M budget using React, JavaScript, CSS3, HTML5, REST APIs, and the U.S. Web Design System (USWDS).
- Served as SCRUM Master across all impacted agency teams, coordinating a monthly CIO/CTO forum for 12 agencies and reducing adoption friction by 20%.

Projects

E-Portfolio Website | [Live Demo](#) | [GitHub](#)

- HTML5, CSS3, JavaScript, Vue.js, Nuxt.js: responsive portfolio with animated hero, smooth scroll, and mobile-first layout.

E-Commerce Project | [Live Demo](#) | [GitHub](#)

- HTML5, CSS3, JavaScript: front-end e-commerce UI with product listing, filtering, and responsive cart interface.
